Samson's Expedition Escape is a rechargeable speaker system that provides incredible sound in any environment. Weighing only 8.5 pounds, this ultra-portable device combines pristine audio performance with convenient *Bluetooth* connectivity for wireless audio streaming. It's the ideal sound system for BBQs, parties, outdoor sporting events, tailgates, presentations, fitness classes and anywhere else loud, full-range sound is desired.

Packed with high-quality components to ensure an optimal music listening experience, the Expedition Express offers a 2-way speaker design with a 6" subwoofer for deep pounding bass, while its 1" high frequency driver transmits the finer details of your favorite tracks. The system is also *Bluetooth*-compatible, allowing you to wirelessly stream music from your smartphone, tablet or laptop up to 50' away from the Expedition Escape. The unit's 2-channel mixer features a 1/4" input with its own dedicated volume control for a variety of live performance applications, including use with dynamic microphones. In addition, the Expedition Escape has an 1/8" input for directly connecting MP3 players, keyboards and more.

The Expedition Escape's internal rechargeable battery powers the system for up to 20 hours of continuous use on a full charge. You can also use its built-in USB port to charge phones and tablets while simultaneously enjoying music. Finally, an integrated carry handle makes the Expedition Escape perfect for activities like trips to the beach, camping, boating, picnics and anywhere else music can enhance the moment.

High-quality components, versatile features and pristine full-range audio have made Samson an industry leader in professional audio solutions known for their fidelity and reliability. As such, Samson invites you to Escape into an enjoyable audio experience with its latest addition to the Expedition Series.
