Hughes & Kettner
TECHNOLOGY OF TONE

Rock on Stage Play at Home Record at Night

World's smallest BIG Amp

From day one Mr. Hughes and Herr Kettner have spent countless hours pouring their heart and soul into creating tonal masterpieces that deliver superior usability. Their mission is Technology of Tone: make most of all available technology to make great tone accessible to the discerning player.

The TubeMeister 5 stands as a testament to their knowledge and passion. It transforms your every touch into expressive tone,

delivering soulful sound straight from your fingertips. The fully-featured preamp offers a wealth of sonic riches. A flip of the Drive switch is all it takes to go from clean to mean. The power amp sports oversized transformers and a 12BH7 dual triode that operates in push-pull mode. Housed in a single glass envelope, these two tube systems deliver a devastating one-two punch that will rock your tone!

And thanks to German engineering, the TubeMeister 5 conjures spine-tingling chills not only when you are playing. The thrills are sure to continue when listening to your tracks recorded with the integrated Red Box and Power Soak.

TubeMeister 5

Family

TubeMeister 5 Head

The TubeMeister 5 delivers a full five watts of tube tone with plenty of volume for satisfying sessions. And if you need to keep it soft in the studio or make it loud in the rehearsal room or on stage, the Red Box and power-soak are on board to feed true power amp tone straight to the desk.

- 1 Channel + Drive
- Preamp: 1 x 12AX7
- Power Amp: 1 x 12BH7, 5 Watts
- Automatic / switchable Power Soak
- Integrated Red Box
- Dimensions: 253 x 156 x 149 mm
- Weight: 3,5 kg
- Softbag included

TubeMeister 5 Combo

The ultra compact TubeMeister 5 Combo delivers the same response and transcendent tone as the head. Housed in a custom-designed enclosure loaded with a newly developed Celestion 8" speaker, this combo packs a jaw-dropping wallop.

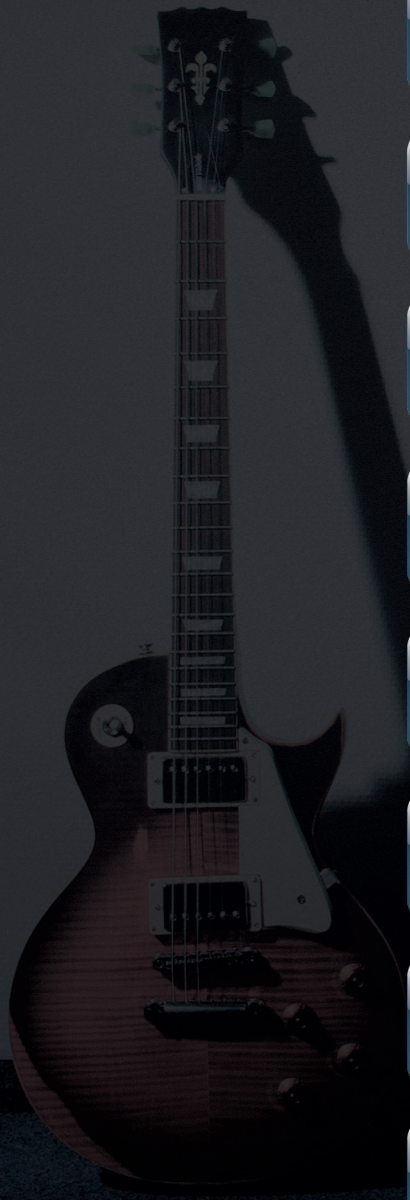

- identical with Head
- Speaker: 1 x 8" Celestion® EIGHT 15
- Dimensions: 253 x 156 x 149 mm
- Weight: 7,4 kg
- Soft Cover included

TubeMeister 110 Cabinet

The Tube Meister 110 Cabinet sports the same Celestion TEN 30 speaker that has proven its merits in the TubeMeister 18 Combo. Developed especially for the TubeMeister, and housed in it's specially designed reflex cabinet this cabinet punches way above its weight.

- Power Handling: 30 Watts
- Speaker: 1 x 10" Celestion® TEN 30
- Dimensions: 400 x 350 x 255 mm
- Weight: 6,6 kg

Warm tube tone with phenomenal dynamic range that sweeps from sparkling clean to throaty crunch

Harmonically rich tube distortion and the gain reserves to go from edgy overdrive to soaring lead sounds

Passive voicing section with separately tweaked frequency response for CLEAN and DRIVE

Preamp section sporting one 12AX7 tube

12BH7 dual triode push pull power section pumps out real 5 watts that rock

Oversized transformers that allow greater headroom on CLEAN and more punch on DRIVE tones

Automatic / switchable Power Soak with Silent-Recording-Function

Balanced and speaker-emulated RED BOX OUT for authentic recording tracks
