

Maritime SWS CW GT Presys II

sku: 051953

The Seagull Maritime Solid Wood Series (SWS) features warm-sounding solid mahogany back sides, coupled with solid pressure tested spruce tops for a projecting tone, and Richlite® fretboards for a bold and clear sound. The Maritime SWS CW GT also comes with a comfortable 1.72" nut width, a highly-glossed top, and an ebony bridge. Another noteworthy feature is the shadowed burst on the body and headstock. To top it off, the SWS CW GT comes equipped with the Fishman Presys II onboard preamp and a generous cutaway for playing ease on the upper frets.
