

Powered Pedalboard

SKU: 1SKB-PS-8

Description

The 1SKB-PS-8 Powered Pedalboard is injection-molded from eco-friendly rubber modified styrene which provides for a very durable and rigid, yet lightweight platform for guitarist's effect pedals. The 1SKB-PS-8 features eight (8) built-in 9VDC output jacks and an external transformer rated at 1.0A of total current. The large 19" x 12" hook and loop surface allows for secure pedal positioning for up to eight (8) standard size pedals. All cables are included for powering the most popular pedals. A heavy-duty ballistic nylon carry bag with exterior zipper pocket and adjustable shoulder strap are also included with the 1SKB-PS-8 Powered Pedalboard
